

# The Greville's Termly Update

Autumn term 2024

## RECEPTION

The children in both Bumblebees and Caterpillars have had an amazing start to school life. The children have all settled very well and are really enjoying the experiences that school has offered them so far. As a team, we are very excited to see how they develop and grow over the coming year!

– Mrs Tina Edwards (Reception, Group Leader)

## TOPICS

The children have already begun to form new relationships with their peers and are clearly enjoying exploring both classes and the outside area. We have learnt a lot about the children through our 'Marvellous Me' topic and have started our next new topic of 'Colour my World', where we look at lots of different celebrations and the wonderful things that our world can create.

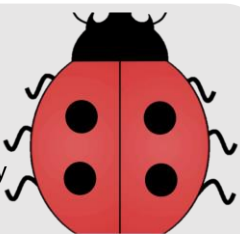

## PHONICS

The children have started their phonics lessons and have shown a great attitude towards their learning. They are beginning to use the rhymes to support their letter formation and have been working very hard on pencil control. We have been amazed at the children's (and parents') engagement in completing the homework, this is having a clear impact on the children's learning, so thank you!

## MATHS

In maths, the children have explored shape, subitising to 3, looking at what numbers make 4 and worked hard on their counting skills, ensuring that they count each object only once!

## MUSIC

The children have also begun their music lessons with Mrs Heyward in the music box and they have shown fantastic listening skills; they are really enjoying joining in with all the new songs!

We hope that you all have a wonderful half term and that the children return rested. Thank you for all your support this term! - The Reception Team
